Part-Time-Job

Many of our students finance their studies with a part-time-job. On one hand you earn some money and on the other hand you gain experience, which is a win-win situation. Depending on your country of origin you can either only earn less than 450 EUR per month. In this case the employer will pay your taxes and you earn the full 450 EUR. As a student you do not have to pay income tax and social security contributions. If your monthly income exceeds 450 EUR you only have to pay for pension contribution. Be aware, if the earnings exceed 450 EUR the amount of the BAföG funding will be affected. More information on www.deutsche-rentenversicherung.de
